The book represents the information about Ukrainian Academy of Printing the unique Higher Education establishment which trains specialists for Publishing and Printing branch in Ukraine and abroad.
Nowadays Ukrainian Academy of Printing is a leading educational institution training specialists for Graphic Arts industry and related fields including Fine Arts, Printing Technologies, Electronic Media, Packaging Design, Engineering, Advertising, and Economics.

Every year 35 professors, Doctors of Sciences, 165 associate professors and 138 lecturers carry out the training process and fulfill scientific researches at 20 departments. They apply a lot of efforts to give their students good knowledge, professional experience and train them to be highly skilled specialists and researchers.

Academy owns two printing houses, the training and demonstration centre of “Heidelberg” company, computer classrooms, libraries, 2 student dormitories and other facilities.

After graduating from our Academy our students have opportunities to continue their postgraduate and doctoral studies in the fields of Printing Technologies, Engineering and Economics. At present Ukrainian Academy of Printing implements the European standards and develops new curricula in order to integrate into European educational environment.

The international activity of the Ukrainian Academy of Printing is focused on the improvement of training process through the constant update of methodology and content of study curricula, students and staffs exchange. The Academy aims to enlarge scientific cooperation with advanced research institutions and leading companies and to engage foreign students and scientists to study and fulfill the researches at the Academy.

Basic fields of international activity of the Academy involve:

- training of Ukrainian students and teachers at foreign educational institutions;
- training of specialists from abroad countries at the UAP;
- training of Bachelor and Master students for foreign countries;
- participation in the international grants and projects;
- participation in the international conferences and exhibitions;
- scientific researches in the fields of printing engineering and technologies on demand of foreign companies;
- cooperation with foreign companies focused on the organization of students work placement and providing the Academy with modern printing equipment and materials.

Every year the Ukrainian Academy of Printing extends its international relations. Nowadays we closely cooperate with about 30 higher educational institutions and printing companies from Belgium, Czech Republic, China, Hungary, Germany, Great Britain, Lithuania, Netherlands, Poland, Russia, Slovakia, Turkmenistan, Uzbekistan.

The cooperation with the world-known printing companies “Kolbus”, “Heidelberg”, “KBA”, “Man-Roland”, helps us to provide our students and teaching staff with up-to-date knowledge, to equip our research laboratories and training centers with modern printing equipment, technologies and materials.

International scientific conference dedicated to 500th anniversary of the birth of Ivan Fedorovich in Lviv, UAP

International Conference of Printers and Printing Higher Educational Establishments of Central and Eastern Europe held in Lviv, UAP
In 1976 the first foreign students started their study at the former Ukrainian Institute of Printing. Within the years 1979-1983 about 200 specialists were trained to work in the fields of publishing and printing of 32 countries all over the world. Since 1992 the Academy enrolls postgraduate students from abroad to continue their study at the Academy. Many postgraduate students from Georgia, Poland, Syria, Tunisia and Yemen successfully fulfilled scientific researchers and defended their Doctoral thesis here.

In 1996 the Preparatory Department started to train foreign students at the Academy. For a moment we have more than 50 students from Azerbaijan, Belorussia, China, Georgia, Kuwait, Lebanon, Lithuania, Moldova, Slovakia, Russia and Turkmenistan. After accomplishing the study the graduates work in the scientific and educational institutions as well at the printing companies of their countries.

In 2000 the Academy joined the International Circle of Educational Institutes for Graphic Arts, Technology and Management. Since that time students and teachers of the Academy were highly involved in many international events:

2000 (Finland, Tampere) – participation in the 7th International Congress of Slavists.

2001 (Russia, St.-Petersburg) – International Circle of Educational Institutes for Graphic Arts, Technology and Management.

2002 (Poland, Wroclaw) – International Conference «Typography 2002».

2003 (Germany, Leipzig) – International Conference «Typography 2003».

2003 (Lviv) – International Conference “Ukrainian Publishing: achievements, perspectives, staff”.

2005 (Lviv) – 35th International Circle of Educational Institutes for Graphic Arts, Technology and Management.

2007 – international research projects with Beijin Institute of Graphical Communications and Kaunas Technical University.

2008 – Research and development projects for “Colbus” and “Heidelberg” companies.

Students International Cooperation:

Annual International Students Conferences:
“Future of Graphic Arts” – Chemnitz Technical University (Germany);
“Youth without Borders” – Rzeszow University of Information Technologies and Management, European University named after J.Tishner (Poland);
“Youth and Graphic Arts” – Moscow University of Printing Arts (Russia);
2008 – joint project “Illustrated Book about Ukrainian Academy of Printing and Stuttgart HdM”;
2007-2008 – training of Ukrainian students at «Donelli», «Winkowski» and «Ortis» printing companies (Poland);
2009-2011 – study of Ukrainian students at HTWK Leipzig (Germany);
2012 – 2013 joint project “Illustrated Book about Ukrainian Academy of Printing and HTWK Leipzig”.

International Conference in Chemnitz (Germany)

Discussion of Joint Students Project about Stuttgart HdM and UAP
Annual events:

Every year professors from Bergische University of Wuppertal, Stuttgart HdM (Germany), Artevelde Hogshschool (Ghent, Belgium) give lectures for Ukrainian students and take part in scientific conferences and seminars organized by our Academy: “Book Qualilogy”, “Computer Technologies for Printing”, “Tyktor Readings”, Ukrainian-Polish Forum of Publishers in Lviv and Krakow. Instead, the professors from UAP visit the above-mentioned high schools as well Warsaw and Lodz Technical University and Moscow University of Printing Arts to teach students and discuss the methodology and study curricula with their foreign colleagues.

Annually lecturers from UAP have possibilities to get training at Bergische University of Wuppertal, Darmstadt University, Chemnitz Technical University, HTWK Leipzig, Stuttgart HdM and Print Promotion Training Center (Germany), Harvard and Michigan Universities (USA). It helps them to get up-to-date knowledge and sustain good professional skills necessary for students training.
